### SYNOPSIS - BOOK 1

*When eleven-year-old Chloe Maddox hiccups smoke one day, she's shocked to learn she's half-dragon – thrusting her into a thrilling world of magic, danger, and self-discovery.*

Chloe Maddox, eleven years old, has learned to keep her head down in the Loving Care Group Home, a bleak New York institution – which, despite its name, lacks both love and care. Orphaned and stuck in this dreary place, she's gotten good at blending in. But when her hiccups suddenly start releasing smoke, she realizes she might be a little more special than she thought.

A peek at her file reveals a mysteriously blacked-out family history, with one odd line suggesting she might not be entirely human. Chloe dismisses it as pure nonsense – until the next day, when VERA INGRAM, a recruiter for Farborgen School for Gifted Children, shows up to drop a bombshell: Chloe's father was a dragon. Dragons are nearly extinct, and Chloe is the only half-dragon in the world. Worse, a powerful organization is hunting her to exploit her dragon abilities.

Vera offers Chloe an escape: come to Farborgen, where she'll be safe and learn to control her powers. Chloe, eager to leave the cold, uncaring group home behind, agrees.

At Farborgen, Chloe discovers a world she never could've imagined. Hidden inside a run-down sock factory is a magical forest, with treehouse classrooms and students who look human, but definitely aren't. Chloe meets her roommates: an ogre girl, an under-the-bed monster; RYAN, a mischievous imp spinning tales, and JAYLA, a fae obsessed with technology. It's strange, but Chloe can't help feeling at home.

However, things aren't perfect. Chloe learns that she needs to master her dragon abilities before she loses control and accidentally burns down the school. Worse, if her dragon side is exposed, the people hunting her will come after her – and everyone she cares about.

Chloe uncovers a deeper mystery when she finds a dragon caged in a secret lab at the rival Nithercott Business School. Turns out, Nithercott is run by the same organization that's after Chloe, and they've been capturing magical creatures for years. And the dragon in the cage? Chloe's half-brother.

With the help of her friends – Jayla, who's an expert hacker, and Ryan, who claims to be a dragon but isn't – Chloe hatches a plan to rescue him. But things go awry quickly, and Chloe soon finds herself in deadly danger.

Ultimately, Chloe must face her fears, embrace her dragon powers, save her half-brother and find her true self.

*Dragon's Daughter: Chloe Maddox Series* sees Mike Omer put a fresh spin on the magical school trope – set in a high-tech world where magic and modernity coexist, and the greatest threats wear business suits. Written with wit, empathy, and a vivid imagination, this captivating fantasy series will resonate with young readers worldwide.

# — Book Two —

Due December 2026

## SYNOPSIS - BOOK 2

It's spring at Farborgen, the school for magical beings, and half-dragon CHLOE MADDOX hopes that after rescuing her dragon brother from the Organization, she might finally enjoy some peace and quiet. But peace and quiet is for other people, not for half-dragons.

The Organization has enlisted a powerful warlock who is searching for Chloe's dragon father. If he succeeds, both Chloe and her brother will be in danger. The only way to uncover his plans is to get close to him – very close. When the prestigious Nithercott Internship Program opens and the warlock requests a student intern, Chloe sees her chance.

Using her shapeshifting abilities, she creates an alternate identity: IRIS PROSPER, a wealthy, dazzling girl who seems like the perfect candidate. With the help of her friends, JYALA the hacker fae and RYAN, the incorrigible imp, Chloe is accepted into the program. Suddenly, she's a double agent inside the Organization.

Her plan gets complicated when she discovers that the other intern is her nemesis, AURORA. Things tangle even further when a mysterious rebel group contacts Chloe, asking for her help in fighting the Organization. At the same time, she still has ordinary school life to handle – magical exams, the school play, and the Summer's Eve dance – while spending half her time pretending to be Iris. Keeping both lives straight becomes harder each day.

During the internship, Chloe uncovers harrowing details about her mother's death, and evidence that the warlock was directly involved. Determined to learn more, she must set aside her hatred for Aurora and convince the girl to help her learn the truth, all the while maintaining her cover.

But as summer vacation approaches, Chloe discovers the warlock's real plan – one that places both her and Aurora in grave danger. The two rivals will now have to work together... and escape the internship with their lives intact.
